

Inspired by other clubs of the world, Zonta Club Hamm/Unna has set a remarkable sign on the international day of activism against violence towards women in both cities. According to the **Zonta Says NO** campaign numerous well known buildings were turned in orange light - the symbol color of the UN Women. We felt united by this action to our friends all over the world! For all photos see our website [www.zonta-hamm-unna.de](http://www.zonta-hamm-unna.de).
